

# Nonprofit Retirement Benefits

A quality retirement program is viewed as one of the most important benefits for your employees – but may also be the least understood. Retirement plans for non-profit employers come in a variety of shapes and sizes similar to the diversity of the non-profit community. This session will focus on providing the attendee with a better understanding of retirement plan options available to the non-profit employer.

**Presented by  
Ralph Joest, CRPS and Larry Grellner, CLU**

Ralph and Larry bring more than forty years of experience and industry knowledge to this presentation on Retirement Plan Options for Non-Profit Organizations. Both are salaried representatives of Mutual of America, a company formed in 1945 to provide retirement plans and services exclusively to the non-profit community.
